Duane Lamont, P.Eng., Vice President of Operations, has been with APM Construction Services Inc. since 1989. Duane has supervised a wide range of projects including numerous innovative grocery stores and the expansion and renovation of various retail and commercial buildings delivered through a successful design-build program. Duane is responsible for on-site construction activities, project scheduling, field engineering, liaison with sub-trade disciplines and the supervision of company employees.

Some of the projects Duane has been involved with include the coordination of Atlantic Superstore developments in Charlottetown and Summerside; Sears Projects in Charlottetown, Alberta and Newfoundland; expansion and renovation of the Mark's Work Warehouse and Subway in Exhibition Plaza in St John, NB, the Belvedere Plaza redevelopment in Charlottetown, Southport Home Centre in Stratford, Sears Red Deer, Bower Place Mall in Red Deer, the Town Centre in Montague and the Greenwich Interpretive Centre.
